

Parent-Link Activities

Week No.: Week10
Term: First

WeekBeginning:2nd -6th October
Theme: Living and Growing

What we will learn this week:

English	Science	Math	Arts and PE
Describing Word (measurements) <ul style="list-style-type: none">To identify the describing word in a sentence	Living and Growing/Growing Plants <ul style="list-style-type: none">To know that world divided into living and non-living things	Measurement: length and capacity <ul style="list-style-type: none">To learn that things has different measurement	Arts: "Seed Sorting" <ul style="list-style-type: none">To sort seeds accordingly P.E: "Pass and Catch" <ul style="list-style-type: none">To catch an object tossed in one's direction

Things to Remember:

- Fruity Friday:** any sliced fruits (bite-size), 1 single pack of eden cheese, 1 bowl container
- FS2 Project Making** will be on October 9-13, 2017
Things to bring: 500 grams of gardening soil, small plants and animals toys (Submission will be on October 6, 2017, Friday)
- World Teacher's Day Celebration** will be on October 5, 2017 (Thursday). This will be a half day with school closing at 12:20PM as there are special activities arranged for the teachers. Please make the necessary transport arrangements for your child.

Activities at Home:

Through this topic, we will be exploring more about measurement and living/growing things. Our suggested activities are:

- You can have a "guessing game" with your child. Describe the things that you can see around you and let them identify if it is living or non-living things.
- Make a D.I.Y plant pots and help them to plant some seeds to have an idea what are the needs of all living things.
- Encourage your child to compare and contrast a wide variety of items as he/she learns to measure the weight or sizes of various objects and record his/her findings.

Homework Section: (to be submitted every Monday of the following week)

None
